

What are the benefits of having a Blue Ridge Comfort Maintenance Plan with us?

Above all, experienced and skilled technicians will inspect your system

Our highly skilled and dependable staff of technicians will inspect and diagnose your system's performance, using proven condition-based maintenance practices for improving your system's performance and life.

Priority Emergency Service

If your system fails, you'll receive priority service 7 days a week; no more waiting and hoping you may be the next call the technicians make.

You'll receive a discounted rate

You'll receive a 15% discount on service if you need repairs to your system, as well as a discount on any overtime rates. Additionally, we'll give you a 5% discount on any indoor air quality add-ons and duct cleaning service.

The satisfaction of knowing that you'll have peace of mind throughout the year

We'll schedule planned inspections twice a year to ensure your warranties remain valid, and conduct a regular cleaning of your HVAC system to keep it running at optimal efficiency. This ensures that potential failures are detected before they happen, and can be remedied without an emergency service call down the road.

Keeping your system maintained in this way can help prevent high utility bills and extend the life of your system.

Blue Ridge Comfort Maintenance Plan

designed by Reliability Engineers

*Co-owners **Chris Davidson** and **Ben Lagrange** have degrees in Engineering, giving them a unique perspective in the heating and air business. Chris has a BS in Chemical Engineering, and an MBA. His 20 years' experience includes working at Kimberly-Clark in operations and maintenance, and GE as a quality manager and senior engineering manager in reliability engineering. Ben also has a BS and MS in Mechanical Engineering, as well as an MBA. He spent 19 years with GE as a design engineer, quality engineer, reliability engineer, and senior engineering manager in reliability engineering. Their industry experience sets them apart from other HVAC contractors.*

Terms and Conditions of Blue Ridge Comfort Maintenance Plan

Our Comfort Maintenance Plan is an ongoing plan for scheduled inspections and maintenance of your HVAC equipment. Payments may be made monthly with our Auto Pay ongoing plan, or by cash, check, or credit card for our annual plan. A Comfort Maintenance Plan entitles homeowners to two preventive maintenance visits each year.

CANCELLATION POLICY: This plan may be canceled at any time by either party. The plan is transferable to a new homeowner. The plan is not refundable.
